

EMT Intermediate Training

Registration Deadline: September 21st

This intense hybrid course combines both online and in person medical practices into a 6 week State of Oregon Intermediate training program. Meeting once a week online, one day a week in person for hands-on education, practical skills, scenarios, and full-scale mock rescues, and clinical rotations with direct patient contact, you will be ready to handle medical emergencies. Upon successful completion of the course you will be eligible to take practical and written examinations to obtain the Oregon State EMT Intermediate License.
