Jen Steele

Next Meeting

Tuesday, DATE, 3:00 – 4:50 p.m., Center for Meeting and Learning, Room 214

April 3, 2012 SSLT Meeting

We will kick off our developmental math stakeholder planning and design group (SPDG) by discussing five emerging best practices topics in developmental education and exploring how we can best incorporate them into interventions and innovations at Lane.

Outcomes

1) We will deepen our understanding of the five emerging topics in developmental education listed below

2) We will share perspective and feedback, identify areas for further study and analysis, and start to develop shared understanding of how we can successfully construct and sequence our work

3) We will understand how our stakeholder group can shape and participate in intervention development

4) We will review our spring term calendar and meeting schedule

Emerging Best Practices Topics in Developmental Education:
- Placement
- Acceleration
- Contextualized Learning
- Advising
- Alternative Learning Environments
